2. Notification No. E. 996—Edn. 158-46-3, dated 28th July 1947, directing that the provisions of Chapter VI of the Elementary Education Act of 1941, shall come into force in the following areas on and from 1st August 1947:—

3. Notification No. E. 998—Edn. 158-46-4, dated 28th July 1947, issuing rules for carrying out the purpose of Chapter VI of the Elementary Education Act, 1941 referred to in the Notification read above.

ORDER No. E. 2755-65—EDN. 158-46-7, DATED BANGALORE, 1ST OCTOBER 1947.

At the December Session of the Legislative Council in 1946, Government gave an assurance to the House that Total Compulsion will be introduced early in certain selected areas and that the consensus of feeling in both the Legislatures of the Representative Assembly and the Legislative Council is that the Total Compulsion Scheme should be tried.

2. Having this end in view, the Director of Public Instruction has submitted draft rules for the Compulsory Education Scheme to be brought into effect from 1st August 1947, and has requested sanction for the introduction in the nine selected Hoblis referred to in the first of the Notification read above, of Compulsory enrolment of all the children of the age of 6 plus, living within a radius of one mile from the School as contemplated in Section 25 of Chapter VI of the Elementary Education Act, 1941 (Act No. VI of 1941).

3. As timely action had to be taken a Notification dated 28th July 1947 read above, was issued directing that the provisions of Chapter VI of the Elementary Education Act shall come into force in the nine Hoblis referred to from 1st August 1947.

4. Rules to carry out the purpose of Chapter VI of the said Act were also issued.

5. The Director of Public Instruction has stated that one of the chief causes of the failure of compulsion in areas where it was tried in the past was the non-provision of the necessary administrative machinery, *viz.*, an adequate staff of Attendance Officers. He has, therefore, urged the desirability of appointing suitable Attendance Officers and sought permission for selecting them from among the teachers of the Department in grade Rs. 35—3—50 who are working in Rural Middle Schools.

6. The proposals of the Director of Public Instruction are sanctioned.

7. The expenditure on this account is estimated to be Rs. 92, 317 per annum recurring and Rs. 4,63,650 non-recurring as detailed in the statements A and B appended hereto. As buildings will be put up only in places where there are no suitable buildings, the Director of Public Instruction states that the total cost during the year 1947-48 both recurring and non-recurring may be taken to be Rs. 1,92,317 and proposes that this may be met from the provision made under the "Postwar Schemes during 1947-48."

8. Government direct that the recurring cost be met from out of the provision made for Post-war Schemes in the Budget of 1947-48 and the non-recurring cost be met out of the balance of the building grant at the credit of the Elementary Education Fund.

Necessary provision will be made in the budgets of the succeeding years.

Correspondence ending with letter No. H. S. 5185-562 of 46-47, dated 19th August 1947, from the Director of Public Instruction, submitting the proposals for the opening of a Municipal High School at Saklespur.

ORDER NO. E. 2710-12—EDN. 148-46-5, DATED BANGALORE, THE 30TH SEPTEMBER 1947.

In January 1947 the Municipal Councillors, Saklespur Municipality represented to Government that the Municipality is not in a position to start and maintain a Municipal High School and request that a Government High School for Boys may be opened at the place. The Director of Public Instruction who was consulted in the matter stated that the declared policy of Government in the matter of High School Education being the encouragement of private enterprise on grant-in-aid basis, he was not in favour of making any exception in this case.

Thereupon the Director was told that Government would be prepared to meet, as an exceptional case, the entire expenditure of the Municipal High School at Saklespur for the year 1947-48, but the Municipality must be prepared to meet

its share of the expenditure from 1948-49 by which time its resources must be improved. The Director reports that the Municipal Council, Saklespur, have agreed to bear their share of the expenditure from the year 1948-49 in respect of the school and have resolved to deposit Rs. 30,000 towards the building fund, Rs. 5,000 towards the stability fund and Rs. 1,500 towards the non-recurring expenditure for equipment for the year 1948-49. The Municipal Council have agreed to provide a suitable building for housing the school temporarily till a new building is constructed. They have also resolved not to request Government at any time in future for the conversion of the school into a Government one.

In the circumstances, the Director requests sanction to the opening of a Municipal High School at Saklespur with one section in the First Year Class from 1947-48, the entire recurring and non-recurring expenditure required during that year (1947-48) being met out of the Departmental Funds, as an exceptional case, on the condition that the local municipality should meet their share of the recurring and non-recurring expenditure from the year 1948-49 and that the entire amount of tuition, admission and re-admission fees collected by the management of the School during the year 1947-48 should be credited to Government. He also states that pending sanction of Government he requested the Deputy Commissioner, Hassan, in his letter, dated 15th July 1947 to make the necessary arrangements to start the Municipal High School at Saklespur with one section in the first year class during 1947-48.

The proposal of the Director of Public Instruction is sanctioned. The action taken by him is also approved.

A statement showing the details regarding the recurring and non-recurring charges required for the school, the cost to Government during the year 1947-48 and the Government grants admissible in respect of this school from the year 1948-49 is appended hereto. The cost required during the year 1947-48, *viz.*, Rs.5,576 (Rs. 2,576 recurring and Rs. 3,000 non-recurring) will be met out of the lumpsum provision of Rs. 50,000 made in the Departmental Budget for payment of grants to new Municipal High Schools and the necessary provision will be made in the Budgets for 1948-49 and onwards.
